**INTERNATIONAL  
ARBITRATION  
CONFERENCE**

**15<sup>th</sup> – 17<sup>th</sup> May, 2024 @ Nairobi Serena Hotel**

# About CIArb

As the world changes and the pace of progress accelerates, constructive and alternative resolution of disputes, without resorting to court, has never been more important because it has positive impact across society.

Resolving disputes effectively offers certainty and ensures people, regardless of their economic or social background, can access fair and effective justice. It also enhances the rule of law and creates a more inclusive society where strong relationships are built and valued.

Ciarb (the Chartered Institute of Arbitrators) is an independent, charitable membership organization committed to supporting the effective resolution of disputes. We champion all aspects of alternative dispute resolution (ADR) across arbitration, mediation and adjudication, from local disagreements to international disputes.

We set robust, ethical standards to ensure disputes are resolved with confidence and certainty and raise the profile of ADR around the world.

We support our members at every step of their ADR journey, from the new generation of students to experienced Fellows, offering learning opportunities, mentorship and publications to progress their skills and achieve their goals. Our qualifications and post-nominals stand out as a mark of quality across the spectrum of ADR practice.

We connect the ADR community with events and networking opportunities, both globally and through our local branches. We also partner with organizations and policymakers to leverage our collective expertise where we know it can make a difference.

We look forward. We promote diversity within ADR and leverage new technology to ensure that ADR practice reflects the society it represents. We see a world where people understand the value of constructive dispute resolution because it enables society to move forward together and prosper.

We believe in effective resolution for a better world.

# About CIArb Kenya

The Chartered Institute of Arbitrators Kenya Branch is one of the over 45 branches of Ciarb. Started in 1984 and currently has a membership of close to 1500 members derived from various professional backgrounds.

# About the CIArb@40 8th Intnl' Confer- ence

The Chartered Institute of Arbitrators, Kenya Branch (CIArb) is proud to mark its 40th anniversary to reflect upon its distinguished achievements of playing a pivotal role in shaping the landscape of Alternative Dispute resolution (ADR) in the region.

Over the years, CIArb Kenya has been instrumental in forging a legacy of excellence and leadership as a premier ADR institute in various ways. Its role in training and accrediting arbitrators, mediators, and ADR practitioners in general has set a gold standard for professional development within the ADR field. In marking the 40th year anniversary, CIArb Kenya presents a dynamic and thought-provoking conference, reflecting on its own historical journey while envisioning the path of ADR Excellence ahead.

## Aims of the Conference

The Ciarb Kenya International Arbitration Conference has from 2013 been a focal point and the Arbitration event of the region in all its past 7 editions. Upholding its standards of Excellence and fulfilling its mandate as a platform for promotion of thought leadership, inspiring positive change and in building and creating awareness on ADR.

In its 8th edition, we aim to fulfill this and some more. As we mark the 40th year anniversary, we look keenly into the history of Ciarb Kenya, its role in regional developments in ADR as well as its impact in promotion of the golden standard of Practice in ADR.

Additionally, the conference aims to bridge the gap in the dispute resolution sphere by having all stakeholders of arbitration i.e. arbitration users, practitioners and policy makers under one roof through interactive dialogue. This is very important, as the dialogue will explore the symbiotic relationship between the end-users and the architects of dispute resolution policies.

Equally significant, the conference aims to delve into the international dimensions of arbitration. This involves attracting practitioners from diverse

nationalities, contributing to the enrichment of perspectives within the field. This aims to provide practitioners with a comprehensive understanding of international arbitration, focusing on technical nuances, emerging trends, crossborder dispute resolution, emerging technologies and best practice.

The conference also seeks to foster sustainable partnerships and collaborations among African seats by actively engaging various arbitral institutions towards a cohesive and Africa centric and Africa inspired growth in International Arbitration.

When it is all said and done, the Ciarb Kenya at 40 8th International Arbitration conference brings forth multiple stakeholders, practitioners, users, policy makers and academics both domestically and internationally to an incisive discussion onto preparing for the future of Arbitration in Africa. As the regional leaders in ADR, it is our honour and privilege to welcome you to these felicitations.
