

COOKIE	NAME	PURPOSE	Present for non-logged in users	MORE INFORMATION
ASP.NET	ASP.NET_SessionId	This cookie is essential for site functionality and is used to store and retrieve values for a user as they navigate the site. It is held temporarily in memory and is deleted when the browser is closed.	Yes	support.microsoft.com
Google Analytics	_ga _gat _utma _utmz	These cookies are used to collect information about how visitors use our site. Google Analytics collects anonymous information such as pages you visit on this site, the browser and operating system you use and time spent viewing pages. The purpose of this information is to help us improve the site for future visitors.	Yes	Click here for an overview of privacy at Google
Custom Cookie	cb-enabled	This cookie records whether the user has accepted the cookie policy for the site. Once the user has accepted the policy, the value of the cookie changes and the cookie policy bar at the top of the site is hidden.	Yes	
Custom Cookie	Individual Membership Application StudentMembership Application	These cookies store a unique ID that relates to the data the user has entered whilst proceeding through the Membership Application process. The purpose of these cookies is to allow a user to return to the process at the same point as they left it, if they are unable to complete it in one go.	Yes	
Sitefinity	.SFROLES-buildciarb FedAuth FedAuth1 SF-TokenId	These cookies are essential to access the secure area of the CI Arb website. Without these cookies access to the secure area is not possible. They contain information regarding whether the user has logged in, and unique ids which allows Sitefinity to track what the user is doing. It should also be noted that without these cookies access to the Sitefinity administration area will not work either.	No
