Membership Subscription Fees 2027

Membership Fees

Ciarb membership fees differ depending on your country of residence, membership grade, and for new members, the day you join us (fees are pro-rata).

Ciarb membership fees are based on an evidence-based framework that uses World Bank economic data to inform country classifications and subscription rates.

The framework is reviewed annually to ensure it remains fair, consistent and reflective of economic circumstances. Annual reviews do not necessarily mean annual fee increases, as any pricing changes will be staggered to help protect members from sudden increases.

If you have any queries, please email memberservices@ciarb.org.
